Subject: Fw: Gulfco Metals Excluding Nutrients

Eric,

FYI - see Anna's email below about nutrients to exclude from the metals analysis.

Let me know if you have any questions.

Subject: Re: Gulfco Metals Excluding Nutrients

Gary,

Based on our conversation following the last Scoping Meeting, I would recommend removing the following essential nutrients from the analysis in fish tissue:

Calcium

Iron

Phosphorus

Potassium

Sodium

Please let me know if you have any additional questions regarding essential nutrients.
